

Lift

ServiceNow has emerged as the IT Service Management (ITSM) industry's leading cloud platform, while the industry has stabilized around the IT Infrastructure Library (ITIL) as the de facto standard for ITSM best practices. The convergence of these two industry dynamics combined with Fruition Partners' 800+ ServiceNow implementations has culminated in the release of LIFT, a revolutionary solution for rapid implementation of ITSM within 2-3 weeks.

BENEFITS

- ▶ 70% faster than traditional implementations
- ▶ No time- and resource-intensive workshops
- ▶ 1 full year of post-implementation administration support
- ▶ User portal is optimized for search and mobility
